

DOT TO DOT

Join all the dots to see what the picture is, start with number one. Once you've joined the dots add some colour and stick it up so everyone can see!

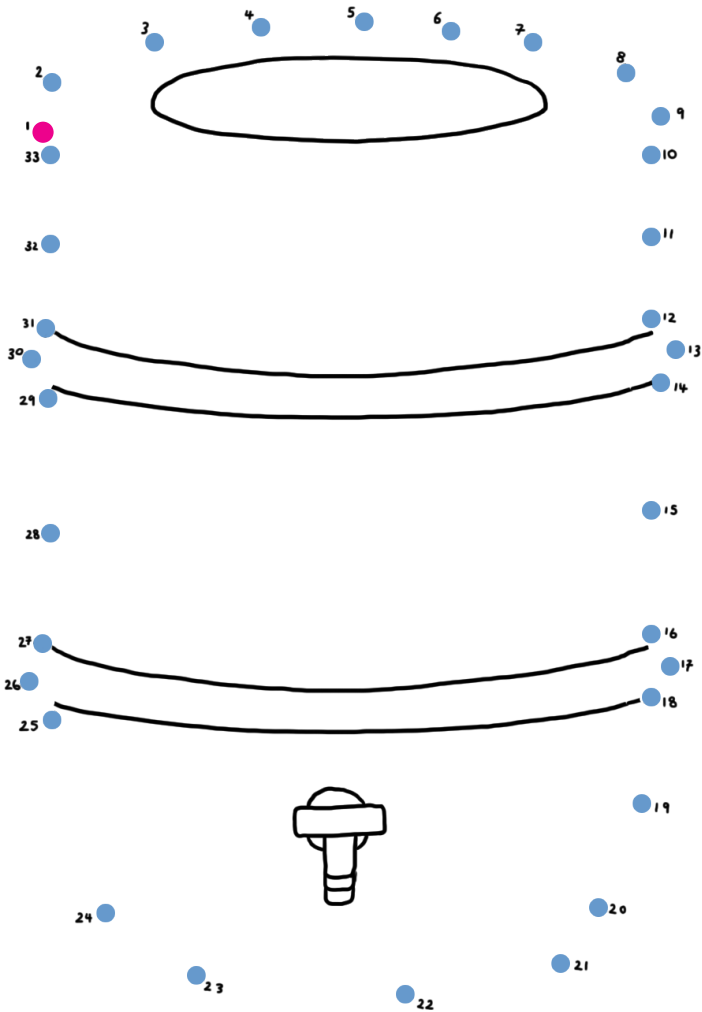

Try challenging yourself to stay in the shower for no more than 4 minutes! This uses 36 litres of water. You can order a free shower timer at stwater.co.uk/savewater

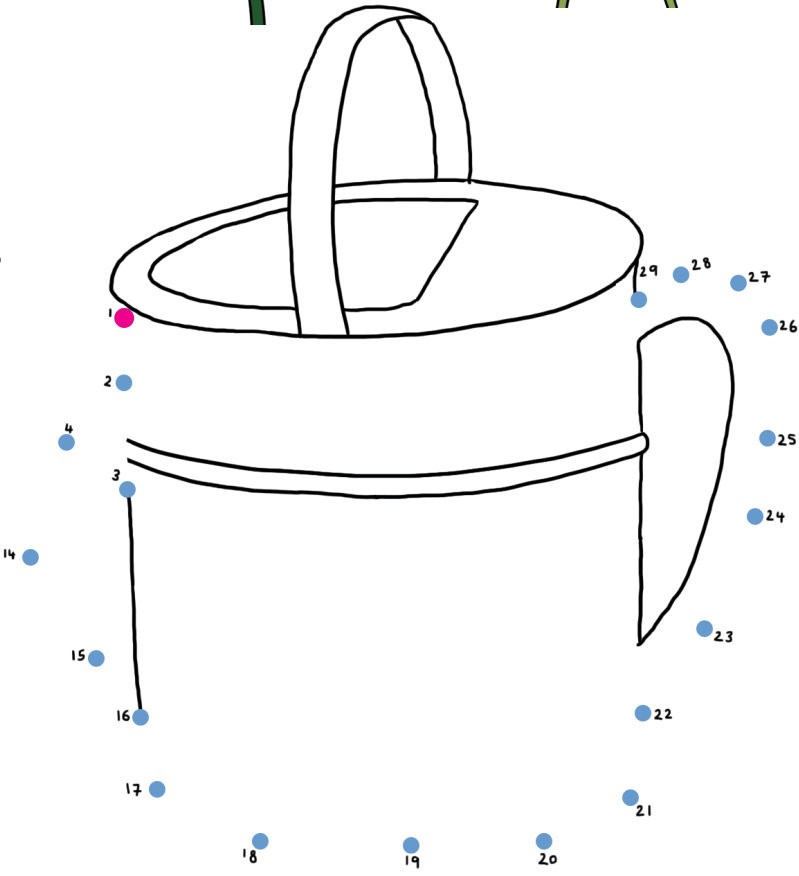

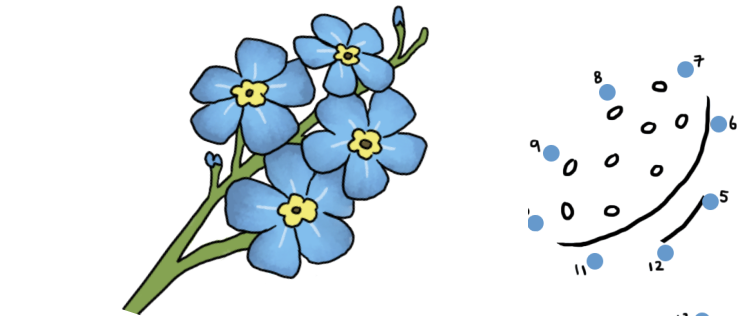

Always remember to turn the tap off when you brush your teeth! If you leave the tap running you'll waste 12 litres of water every time!

DOT TO DOT

What is a water butt?
Usually green or black,
water butts sit outside and
collect rain water. This can
then be used to water plants
and vegetables instead
of using tap water!

Watering cans are a great
way to use less water when
watering plants. Try not to
use a hose as this could use
1000 litres of
water in just one hour!
