

PADDLING POOLS

Whilst paddling pools are a great way to have fun in the sun they can use lots of water! Wouldn't it be great if you could still have fun using your pool and save water at the same time?

Emptying and refilling your paddling pool every day for a week could use up to 3,700 litres of water! That's enough for:

46 BATHS

102 SHOWERS

123 BUCKETS

REDUCE, REUSE and RECYCLE can be done with water too!

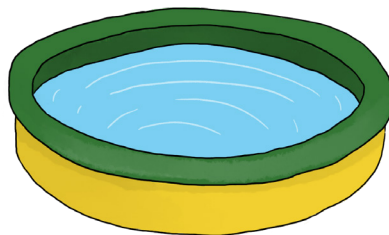

Become a **paddling pool pro** and help to save water and look after the environment by completing the plan in this pack! You'll even get a certificate at the end!

25 PEOPLE IN ONE DAY!

FILL IT HALF-WAY

Just like having a bath, try filling your pool only half-way to save 265 litres of water!

MAKE A HEATER

Instead of adding hot water - weigh down some bin bags in the bottom of the pool, leave them in the sun and your pool will heat itself!

MAKE IT LAST

You can reuse pool water for up to 3 days! With an adult, at the end of the day skim the top of the pool to remove any bugs and bits and then top up with some fresh water. Use an old bed sheet to cover the pool overnight to keep the water cleaner, this will help to warm it up in the early morning sun too!

Whilst using it and once you're ready to empty it, your paddling pool water can be reused & recycled for lots of other things:

WASH THE CAR

A hosepipe can use a huge 1000 litres of water in just one hour! Use your paddling pool water instead!

PLAY GAMES

Use your pool water to fill up water pistols or buckets to play games! Check out kidszone for ideas!

WATER THE PLANTS

Give your plants a drink of water when you're finished having fun. Remember to always use a watering can!

CLEAN DECKING & PATIOS

Clean up outside with your pool water instead of using the jet-wash!

FILL YOUR WATER BUTT

Fill up your garden water butt instead of waiting for the rain!

PADDLING POOL PRO PLAN

Padding pools can be fun when the sun comes out. With our Padding pool pro plan, you can help look after the environment, save lots of water through reducing, re-using and recycling, you can also get a certificate too!

PADDLING POOL PLAN

NAME: _____

DATE: _____

- I filled the pool up half-way
- I am clean before I use my pool
- I got help from _____ to clean the pool at the end of the day
- I covered my pool so it can be reused the next day
- I will tell _____ how they can be a paddling pool pro

I will play these games with the pool water:

- 1.
- 2.
- 3.

I will reuse & recycle the pool water by:

- 1.
- 2.
- 3.

Congratulations on completing the paddling pool plan! By having fun in the pool whilst helping to save water you are now a certified paddling pool pro! Ask an adult to print off and award you this certificate!

This certificate is awarded to:

for completing the

💧 PADDLING POOL PLAN

They are now a **PADDLING POOL PRO** and have successfully used their pool water wisely
